

**Innovation for Our Energy Future****Notice to Subcontractors and  
Acknowledgement of Public Release**

As stated in the "Reporting Requirements" section of the Statement of Work for all Biomass Program subcontracts, all subcontractors are required to submit a final technical report(s). These final technical reports must be submitted in appropriate electronic form as well as in printed copy. Please note that NREL will make these reports available to the public, unless you direct us otherwise by including the appropriate Limited Rights Notice, consistent with FAR 52.227-14.

You may submit a final subcontract report(s) containing proprietary information, however, you must also provide us with a non-proprietary version suitable for public release.

Please indicate the appropriate classification of your final report(s) below. Submit a separate form for each public and/or private report. Fill in the additional information, then print and sign the form. Return to NREL with the appropriate report.
